FALL and WINTER BULBS

Retailers selling bulbs over the counter will be wise in going far beyond their ordinary requirements when purchasing. Never before has there been such a widespread interest in gardening. Less motoring will mean more gardening, and justifiably so, as trying war conditions tend to increase tension and make essential some wholesome means of relaxation. By all means do not overlook indoor blooming bulbs for winter sale as the demand will increase enormously. Narcissi are the leading sellers in this type.

Growers should also realize their responsibility to make available adequate supplies of carefully grown flowers without which human expressions of sentiment would be empty and devoid of beauty.

(Shipments commence in month shown opposite variety)

AMARYLLIS

October

Two separate and distinct strains are offered by us. The English strain hybrids generally produce wider open-faced bell-shaped flowers, compared with the narrower and rather longish flowers found in other types.

Giant American Hybrids

\$22.00 per 100

CALADIUM FANCY LEAF

December

Few pot plants for Easter, Mother's Day and Decoration Day afford such a radiant display of colors. The heart shaped leaves are veined and striped in rich colors.

Ace of Hearts—Deep rose center with heavy scarlet ribs and green border.

Brilliantissima—Transparent brilliant red satin; large leaf.

Candidum—White with green veins.

Daybreak—Veined pink; later transparent pinkish white.

Dr. M. Cook—Dark moss green with plum red center, spotted deep red. Frilled leaf.

Hortilania—Considered the best red. Shining crimson with bluish units.

Itacapus—Entire leaf dark red of a rust shade; narrow border with red dottings. One of the most beautiful Caladiums in existence. Known also as JOHN HACHMEISTER.

CALADIUM FANCY LEAF (continued)

John Peed—Deep blood red, large center; pea green border.

Lord Derby—Transparent rose with dark green ribs and narrow green edge. Very popular.

Mme. Truall—Fine dwarf shining red leaf with bronzy hues; broad center ribs of darker shade.

Mrs. W. B. Haldeman—Beautiful transparent rose leaf, pea green veins.

Mrs. Sanders—Dark green leaf heavily blotched transparent deep rose.

Poecile Anglais—Transparent deep crimson center, bluish tint bordered metalgre.

Scarlet Pimpernelle—Straw colored leaf with large scarlet center. Devoid of ribs or veins.

Sorocaba—Transparent pinkish white; veined green later.

Thomas Tomlinson—Bright crimson center and blotches; narrow green edge. Makes many leaves.

Triumph de l'Exposition—Rounded leaf, bright green with dark green edge and crimson center.

GLADIOLI FOR FORCING

January
Special list of excellent varieties sent on request.

GLORIOSA ROTHSCILDIANA

Flowers resembling Rubrum lilies, grown on climbing vines, blooming 7 to 8 weeks after planting. Not hardy.

	Per 100
Blooming Size Tubers	\$35.00
Mammoth Size Tubers	50.00

GLOXINIAS

January
***Bavaria**—Dark blue with white throat—ruffled edge, very large flowered.

Black Prince—Giant flowered, a midnight blue, edge of flower is slightly undulated.

Blanche de Meru—Rose with white throat.

Blue Shades Mixed—Good mixture of blue varieties.

***Brilliant**—A new pigeon-blood red, bears a great many blossoms. The foliage is light green and the habit is very compact. (1 1/2" and up diam. largest size).

Brunhilde—Pure white, large flower.

Emperor Frederick—Upright flowers, scarlet with white band.

Emperor William—Upright, deep violet, banded by white margin.

Etoile de Feu—Scarlet.

***Hybrid Assortment**—Full assortment of rich colors, very large flowered; these hybrids were developed by us.

***Improved Red**—Crimson; light green foliage.

King of the Reds—Dark Red.

Mont Blanc—White.

***Monterey Rose**—Soft rose blossoms. This new variety is a valuable addition as heretofore there has been no good rose. The foliage is dark, flexible.

Othello—A large open flowered purple, bright green foliage.

***Pink Delight**—Delicate pink with white throat, extremely upright blossoms—reverse of foliage is rose colored.

Princess Elizabeth—Blue with white throat.

Prince Albert—Dark violet.

Red Shades Mixed—A mixture of good red Gloxinias.

***Sky Blue**—Light blue, flowers upright, but very open and short throated. This variety was developed by our hybridizers and is, we believe, the finest of all blue Gloxinias.

Tiger Spotted and Stained Hybrids—Larger diameter flower with shorter throat. Mixture of pink, blue, purple, and red.

Violacea—Violet blue, light green foliage.

Wandsbek Blood—Fine ruby red (1 1/2" and up diam. largest size).

Mixed—All colors mixed.

Any of the above named varieties or mixed.
